Dear Honorable Justices,

Microsoft has twice been found guilty of serious violations of the Sherman Antitrust Act, by a federal District Court and by the United States Court of Appeals. While the Court of Appeals reversed the breakup order issued by the District Court, it upheld the trial court's Findings of Fact and affirmed that Microsoft is guilty of unlawfully maintaining its monopoly.

As I understand it, the court must hold public proceedings under the Tunney Act, and these proceedings must give citizens and consumer groups an equal opportunity to participate, along with Microsoft's competitors and customers.

Please allow consumers participation.

Regards,

Eric
